

**International Committee on Irradiated Concrete (ICIC)
First General Meeting
Draft Agenda
Knoxville, TN, USA, 2-5 November 2015
20 October 2015**

Dear Colleagues,

Attached, please find the draft Agenda for the First General Meeting of the International Committee on Irradiated Concrete, Knoxville, TN, USA, 2-5 November 2015. Please carefully review the Agenda for any errors or changes you may wish to make to the title of your presentation and the list of co-authors.

Please also note that following:

We included the Monday late afternoon Executive meeting (first page) and a list of Topical Areas /Technical Area Coordinators – the Helsinki list (last page) for addition or deletion. That list may be used by members to suggest and vote on adding or eliminating technical areas on Thursday afternoon. For those new to the ICIC, we are a member driven organization.

The time allocated for your talk includes discussion time. For example, if you are scheduled for 30 minutes, your talk should not be longer than 25 minutes to allow ample time for discussion.

Although the original meeting plan included an open session, based on the talks submitted and the number of attendees, we decided to limit the meeting to the closed technical discussions.

We have also **added co-chairs to the most of the sessions** and have combined two sessions and added a fourth based on the list of submitted presentations.

ICIC Meeting Web

Page: <http://web.ornl.gov/sci/psd/mst/ICICFGM/index.shtml> (Shirley Shugart, webmaster). Please watch for updates

Venue: Hilton Hotel (downtown), Knoxville, TN, USA. This is a short (15-20 minute) taxi ride from the airport.

Meeting Outline:

Monday, 2 November (afternoon/evening):

Executive Committee Meeting (Officers and Technical Area Coordinators):
The Executive Committee will meet to discuss issues that may need to be shared or discussed with the ICIC members (Process for accepting new members, etc.).

Tuesday, 3 November: ICIC Closed Technical Meeting

Technical presentations grouped into Technical Area sessions and chaired by the Technical Area Coordinators as selected at the Helsinki Framework Meeting.

Wednesday, 4 November:

Travel to ORNL for tours Concrete lab, Low Activation Materials Development and Analysis (LAMDA) labs, and the High Flux Isotope Reactor (HFIR). Boxed lunch provided on return trip to the Hilton Hotel

ICIC Closed Technical Session after lunch.

Evening: Social Event: Meeting Dinner sponsored by the EPRI.

Thursday, 5 November:

ICIC business meeting to select the site of the next meeting and officers followed by

ICIC Closed Technical Session and Final Technical Session Summaries

Meeting adjourns by ~ 15:30.

Technical Sessions and Session Chairs:

1. **Structural Performance and Mechanistic Understanding of the Effects of Irradiation on Concrete** (Y. Le Pape – ORNL, USA and I. Maruyama, Nagoya University, Japan)

Accelerated Irradiation Studies of Concrete and Its Components (M. Ferreira, VTT, Finland and O. Kontani, Kajima, Corporation, Japan)

- St2 **Characterization of Irradiated Concrete and Harvesting and Characterization of Service Irradiated Concrete** and (M. Ordonez, ENRESA, Spain and T. Rosseel, ORNL)

4. **Research Programs Past and Present** (T. Rosseel, ORNL)

Meeting Guidelines:

Agreement to abide by ICIC Charter: Attendance at the closed session is an implicit agreement to abide by the ICIC charter on sharing information discussed at the meeting.

Presentations: Presentations should allow sufficient time for questions and discussion.

Copies of presentations: Please provide the Chairman or Session Chair (TACs) a pdf or power point copy of your presentation suitable for distribution to the participants either at the close of the meeting or soon after the meeting concludes. The Author is responsible for marking any slides as restricted.

DISSEMINATION OF INFORMATION:

Information specifically developed or contributed by a Member or invited non-member:

Information specifically developed or contributed by a member (or invited non-member presenter as described in section 2.1.5) will not be disseminated, formally or informally, to outside bodies or individuals without the specific and explicit approval of the contributor and notification of the Executive Committee. Such information may be disseminated to non-members within an Organizational Member, but the Principal Contact must ensure that it is not disseminated further. Moreover, information discussed and disseminated at the ICIC General meetings shall be focused on technical issues intended to advance research on the effects of radiation on concrete used in nuclear applications. It should not include commercially or business sensitive information or other information that could be considered sensitive from the competition law point of view.

The proceedings of the General Meeting will consist of electronic copies of presentations and discussion summaries (prepared by the TACs) and shall be provided to all members and to all non-member presenters.

The proceedings will not be given to non-member, non-presenting attendees. Any material or information deemed to be of a restricted nature will be so identified by the contributor in advance and will not be included in the meeting record (Section 2.1.5).

We look forward to seeing you in Knoxville.

Best regards,

Tom, Ippei, and Miguel
